Using Creative Commons Public Licenses

Creative Commons public licenses provide a standard set of terms and conditions that creators and other rights holders may use to share original works of authorship and other material subject to copyright and certain other rights specified in the public license below. The following considerations are for informational purposes only, are not exhaustive, and do not form part of our licenses.

Considerations for licensors: Our public licenses are intended for use by those authorized to give the public permission to use material in ways otherwise restricted by copyright and certain other rights. Our licenses are irrevocable. Licensors should read and understand the terms and conditions of the license they choose before applying it. Licensors should also secure all rights necessary before applying our licenses so that the public can reuse the material as expected. Licensors should clearly mark any material not subject to the license. This includes other CC-licensed material, or material used under an exception or limitation to copyright. More considerations for licensors: wiki.creativecommons.org/Considerations_for_licensors

Considerations for the public: By using one of our public licenses, a licensor grants the public permission to use the licensed material under specified terms and conditions. If

wine bottle

Smart suggestions based on your scene: Refresh Clear

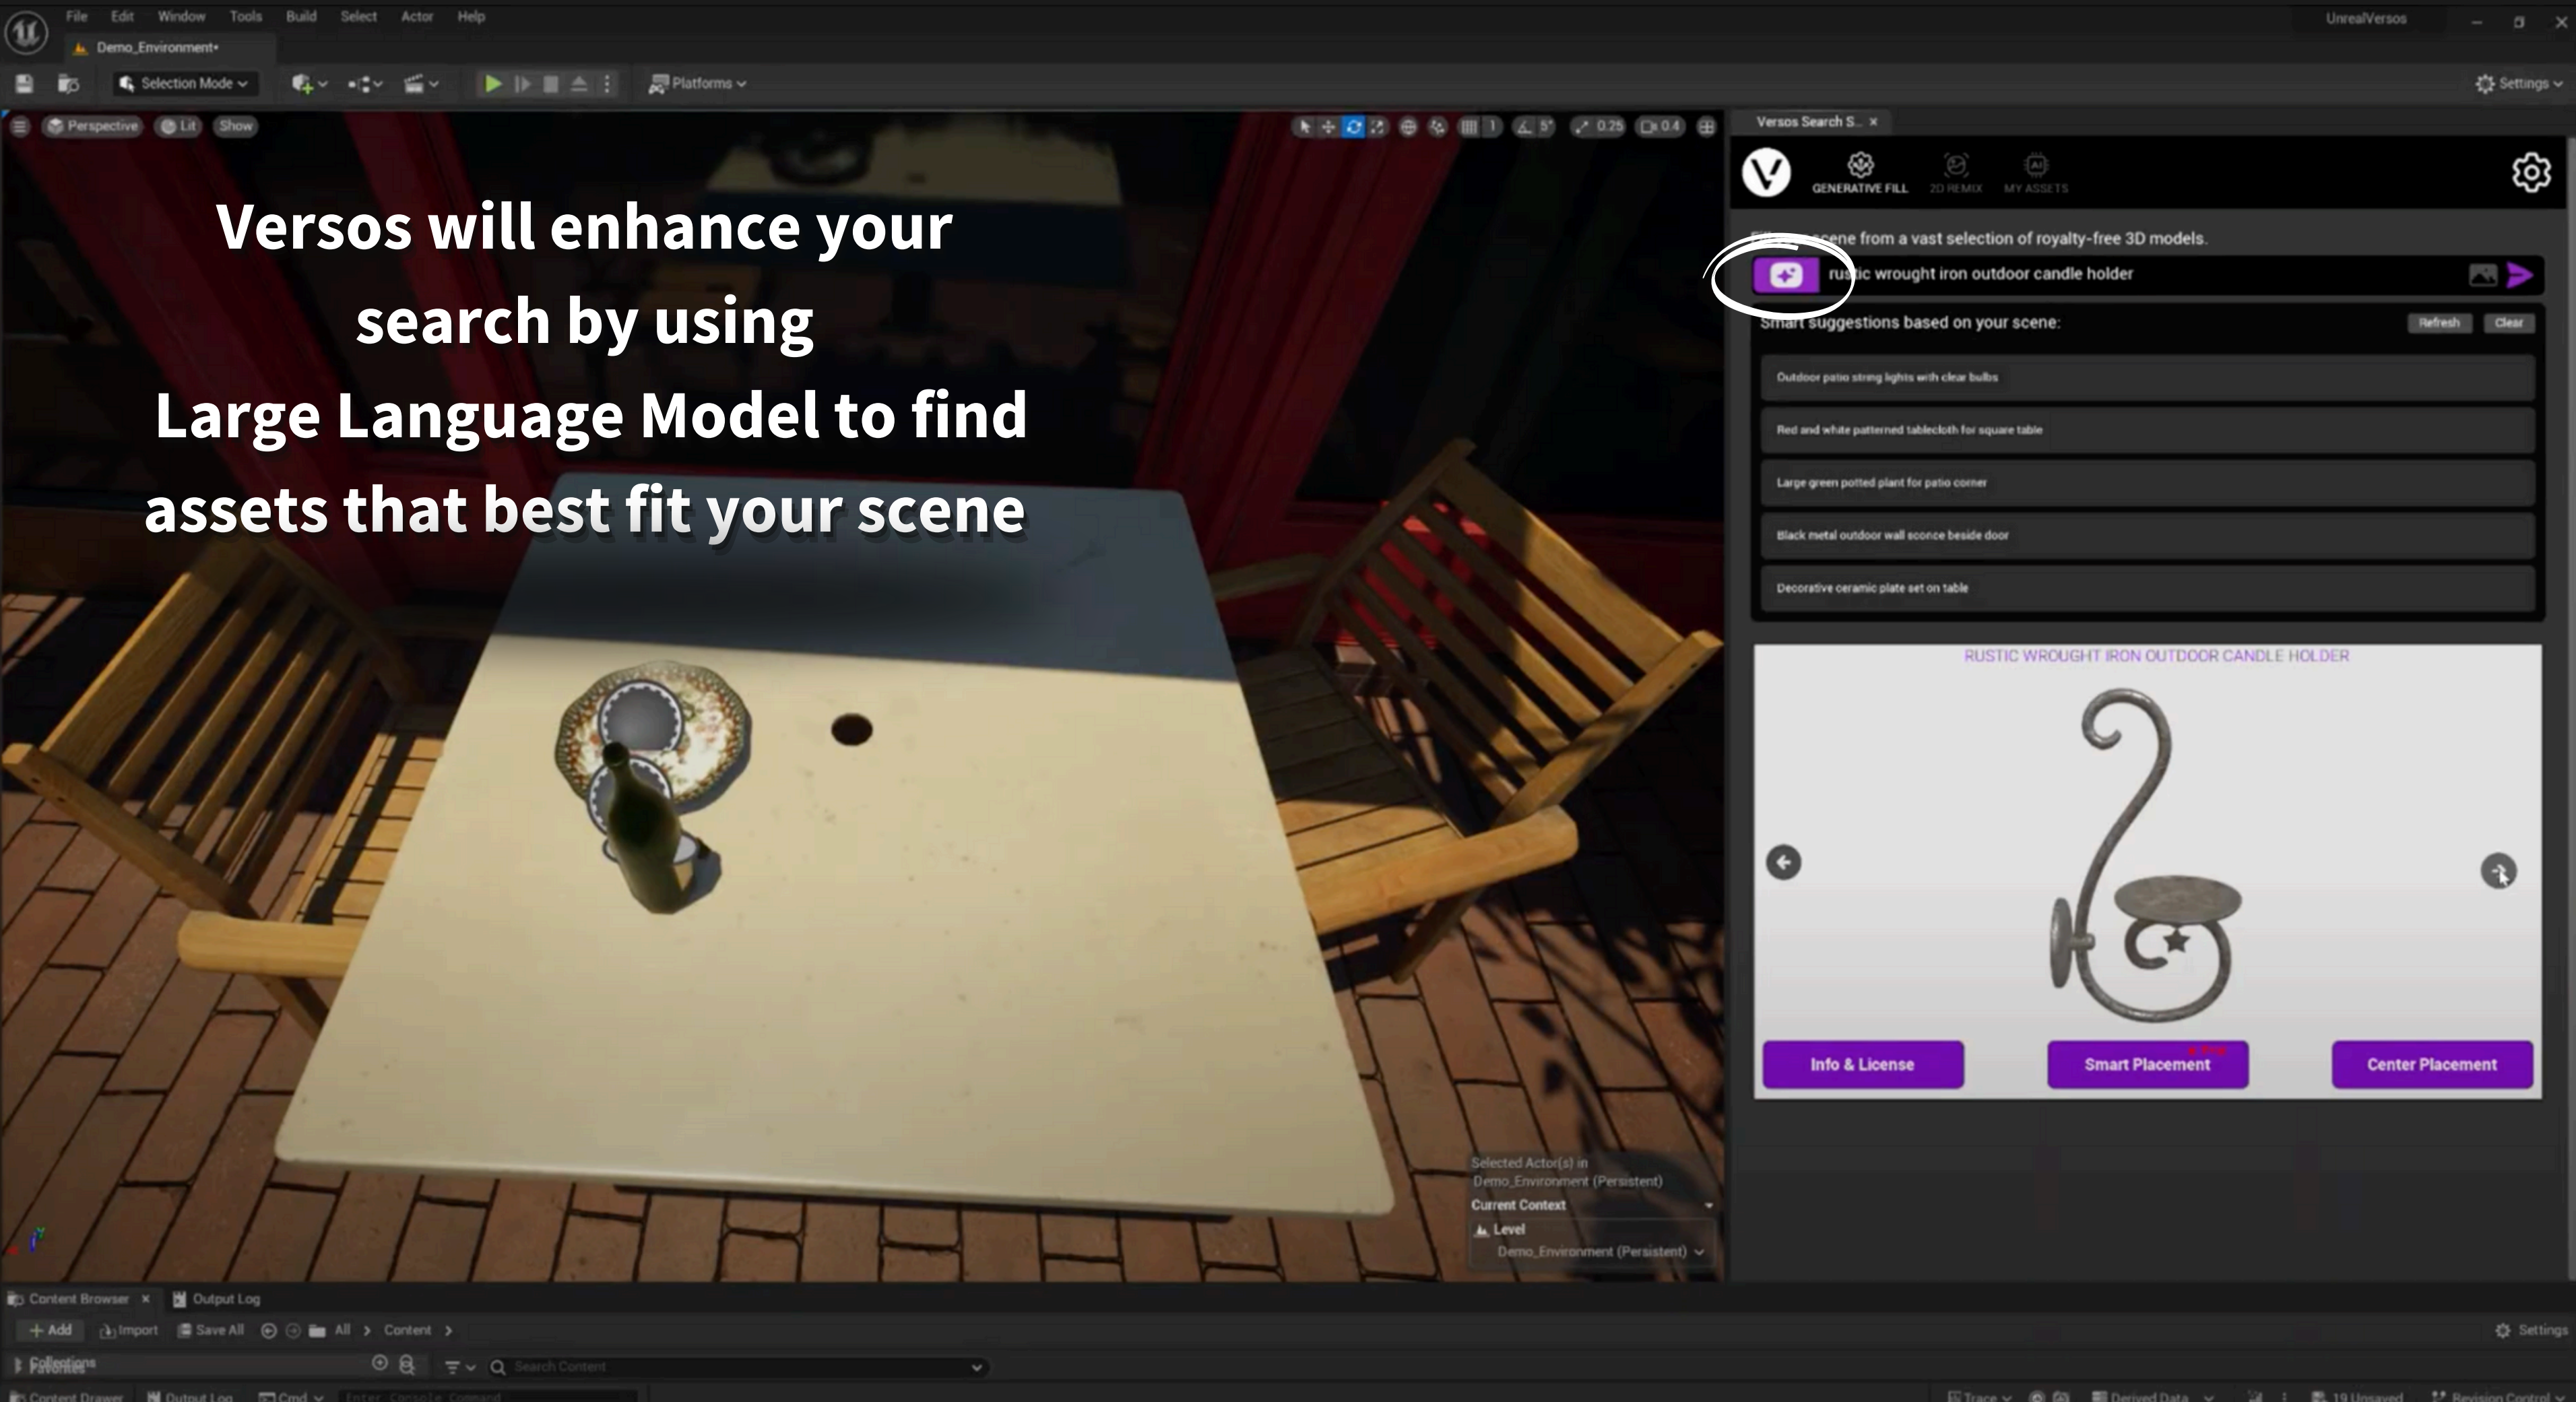

- Outdoor patio string lights with clear bulbs
- Red and white patterned tablecloth for square table
- Large green potted plant for patio corner
- Black metal outdoor wall sconce beside door
- Decorative ceramic plate set on table

WINE BOTTLE

Info & License Smart Placement Center Placement

The image shows the 'Versos Search' interface within Unreal Engine. It features a search bar with 'wine bottle' entered. Below the search bar, there are 'Smart suggestions based on your scene' which include items like 'Outdoor patio string lights with clear bulbs', 'Red and white patterned tablecloth for square table', 'Large green potted plant for patio corner', 'Black metal outdoor wall sconce beside door', and 'Decorative ceramic plate set on table'. A 'Smart Placement' button is highlighted with a white circle, and a white arrow points from this button towards the wine bottle in the demo environment. The interface also includes 'Info & License' and 'Center Placement' buttons.

Versos will enhance your search by using Large Language Model to find assets that best fit your scene

Ungroup multiple mesh assets to move and/or delete unwanted meshes.
